

Year 5&6 Homework

Set on 7/1/2019

Due in by 12/1/2019

Round up	<p>After an action packed, tiring week at sunny Bude, the year 6 children have had a week to recover before entering their final half term at Woodlands Park.</p> <p>The year 6 children have auditioned and been given roles for our production of the 'Greatest Showman' and are already starting learning lines to both scripts and songs. The dates of both performances of the show are shown below and further details about costumes and ticket will follow in due course.</p>	
English	<p>Next week we will start a 2/3 week sequence of learning based on the picture book 'The Red Tree' by Shaun Tan. Although containing less than 100 words, the children will comment on the hidden themes and messages that they can infer from within the story.</p>	
Maths	<p>In Maths, the children will be looking at Roman Numerals and recapping on the learning so far this year.</p>	
Topic	<p>The children made a start on a short science unit of work on electricity. Next week, we will investigate how changing different parts of the circuit will affect how they might work.</p>	
Homework	<p>Year 6 For homework over the next three weeks we would like the children to practise any lines from the script or songs that we need to learn for the production.</p> <p>Year 5 For this week we would like the children to produce work for our science displays in the classroom. The children can complete one or more of the following tasks:</p> <ul style="list-style-type: none"> • Draw a diagram for a simple circuit. • Create a poster warning of the dangers of electricity around the home. • Create an information sheet which shows the different ways electricity is generated in the UK. 	
Spellings Starts next week.	<ol style="list-style-type: none"> 1. stomach 2. criticise 3. prejudice 4. privilege 5. leisure 6. soldier 7. vehicle 8. hindrance 9. foreign 10. queue 	<p>Monday Tuesday Wednesday Thursday</p>
Reading	<p>Write 3 questions you would like to ask the main character in your reading book that will help develop your knowledge about them.</p>	
Number fluency & Arithmetic	<p>Roll a dice to create a 2, 3 or 4 digit number. Multiply or divide the number by 10, 100 or 1000.</p>
