

Foundation Stage News

Date: Friday 5th April 2019

Thank you to all of you who were able to attend the 'Spring Chicken Morning' and for your lovely feedback. It was wonderful to see the children sharing their easter nests, make their easter chicks and hunt for the easter eggs with you. This week in maths, we have been exploring measure. The children have used the balancing scales to weigh different objects and compare them using the language 'heavier and lighter'. The children used different containers to measure the water and used the language 'full, half full and empty to describe how much water their container was holding. The children have read another Oliver Jeffers story 'Way Back Home' and have created their own story maps and invented their own maritans that they could find on the moon.

Thank you for continuing to support your child at home with their learning. We would like the children to have a well earned rest this holiday and for you to enjoy spending time with your child. There is no home learning for the holidays, although we would encourage you to continue reading with your child and practising the tricky words from their bookmarks.

Any Comments or Questions:
