

Year 5&6 Homework
Set on 11/10/2019
Due in by 17/10/2019

Round up	Another great week in Year 5/6. The year 6 children spent an afternoon this week learning important life skills such as CPR, online safety and fire safety. Thank you to the organisers of Junior life skills for putting on another great event.	
English	This week we have begun to read 'Animalium' by Jenny Broom and Katie Scott. We have been looking at features of non-fiction texts and have looked so far at the tortoise and snake pages. We were even lucky enough to be visited by Miss Walker's Tortoises George and Tilly, who enjoyed a shell stroke (or 90!).	
Maths	Next week: Year 6 Different methods for dividing by 2 digits numbers. Year 5 Square numbers, Multiplying by 10,100,100 and Multiplying numbers using formal written methods	
Topic	The children have written fantastic creation stories this week using their RE learning and imagination. We have also started our Science topic of Evolution and Inheritance by comparing a scientific view of how the world was created with the religious ones we have learnt about so far.	
Homework	In science over the next few weeks, we will start to look at inheritance. <ul style="list-style-type: none"> • What things do you and your family have in common? Do you think these are things you have inherited biologically such as eye colour or are they social things for example all liking rugby? • Research the changes in a dog breed (or other animal of your choice) over time. How has selective breeding created difference in the ways the dogs look or behave? You could google changes in dog breeds over 100 years as a starting point. • Create a poster on Mary Annings showing her contribution to Science. 	
Spellings – weekly spellings	1. marry 2. married 3. marriage 4. funny 5. funnily 6. funnier 7. geology	8. geological 9. melody 10. melodious 11. bounty 12. bountiful 13. skill 14. skilful
Spellings – common misconceptions	animals wanted sometimes out	
Reading	Have a go at reading the news and discussing what is happening in the world with your family. There are lots of articles on the Newsround webpage you could read.	
Number fluency & Arithmetic	Try using rounding to estimate how much a shopping trip will cost before they tell you at the till. How close were you?	
Dates for the diary.	Just a reminder that Friday 18 th is a non-pupil day. Happy half term!
