

Woodlands Park Primary School
'Learning at home' activities
01/6/2020 - 5/6/2020

We hope you had a lovely half term. Thank you for continuing to email us with photos and videos of your child's home learning. It is great to see so many of them engaging with the learning and seeing all of the lovely things that you have been doing. The team will continue to telephone parents and carers over the coming weeks. Please be advised, our calls will display as a withheld or unknown number ☺
 We have a dedicated email address which you can contact us on: reception@woodlandspark.devon.sch.uk with any questions you may have. It would also be fabulous to see the learning from the activities below. Stay safe and take care, The Foundation Team ☺

	<p>We have 3 more videos this week to support your child with their learning https://www.youtube.com/channel/UCOU6NS13kVz62deXq-o7duA Please look for the playlist '1st June' then look for the light blue thumbnail for FS maths.</p> <p>This week the focus is on subtraction.</p> <ul style="list-style-type: none"> • For the first 2 sessions your child will need a copy of the superhero tower (attached below) and 8 small objects that they can move. They could also cut out and use the superheroes attached below to support them. • Can your child accurately take the objects away and say how many are left? Can they record this as a number sentence? • Friday's session shows a game that you can play with your child. Please see how to play below: • Build a superhero tower out of blocks or lego (up to 10 blocks). Roll the dice (1 - 6) and take that amount of blocks away from the tower. The partner then rolls the dice and takes away that number of blocks. The winner is the person who takes all of their blocks away first. If there are only 2 blocks left, you must roll a 2 to win the game. If you roll a 3 or above, you must roll again on your next turn. <p>We look forward to receiving these via the email: reception@woodlandspark.devon.sch.uk</p>
<p>Writing</p>	<ul style="list-style-type: none"> • We love receiving your child's weekend writes so would like to encourage them to keep this up. Can your child write a sentence or two about what they have been doing and draw a picture to go with it? Can they start their sentence with a capital letter, use finger spaces in-between words and end with a full stop? • Can your child practise writing their tricky words? Can they write tricky words on different piece of paper (roughly a post it size) and hide them around the house/garden? Can they find their words, read them and put them into a sentence? Your child might like to write down the sentence to share with us?
<p>Reading</p>	<ul style="list-style-type: none"> • www.phonicsplay.co.uk Use the username: march20 and password: home. Explore games in Phase 2, 3 and 4. • This week your child might enjoy listening '10 Little Superheros' or 'Norman the slug with a silly shell'.
<p>Phonics</p>	<p>We have 3 more videos this week to support your child with their learning https://www.youtube.com/channel/UCOU6NS13kVz62deXq-o7duA Please look for the playlist '1st June' then look for the dark blue thumbnail for FS Phonics.</p> <ul style="list-style-type: none"> • This week we are continuing to explore words with adjacent consasnats as their final sound and practising the tricky words 'have' and 'like'. • Can your child read the two words and decide which one is real and which one is a nonsense word? Can your child think of their own sentence to put the real word into? • Can your child hear and write the phonemes they hear in the phoneme frames (attached below)? Using the words from last week can you say a word to your child and can they write them into the phoneme frame? • Can your child recognise and read the words 'have' and 'like' from sight? Can they answer the yes and no questions? Can they think of their own question using the word 'have' or 'like'?

 01/6/2020 - 5/6/2020

	We look forward to receiving these via the email: reception@woodlandspark.devon.sch.uk
Other areas of learning	<ul style="list-style-type: none"> • Can your child create their own superhero wrist band for their superhero? • Can they create their own 'Supertato' character? They may like to use a real potato to do this. • Can your child investigate with magnets finding objects that are magnetic and some that are not? There is a recording sheet attached below.

Have ponds got
roast lunch in them?

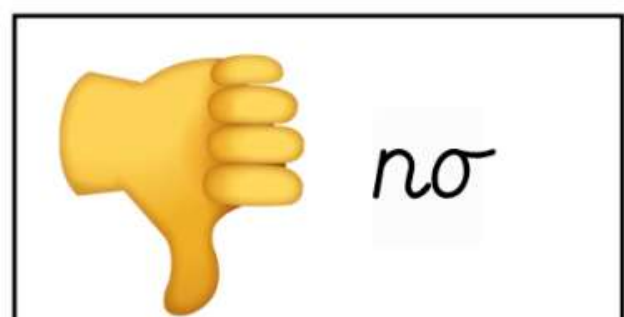

Can toast have jam
on it?

Do all girls like
milk?

Have you got a
chimp as a pet?

More 'have' and 'like' sentences

Have all cars got a roof?

Do some dogs like to bark?

Do all cats have short tails?

Have pigs got feet?

Do you like going to bed?

Can you have a shark as a pet?
