

Year 5&6 Homework

Set on 24/1/2020

Due in by 30/1/2020

Round up	This week we had our first Wednesday run. It was fantastic to see the whole school out at the park having an active start to their morning! It was also great to see the support for the colourful multi day in aid of Savannah Godward.
English	The children have written fantastic stories this week with an uneasy atmosphere and have worked hard on their vocabulary choices. Next week, we will be starting a sequence on explanation texts based on "Wallace and Gromit's Cracking contraptions".
Maths	Year 5 Adding fractions. Year 6 Measure.
Topic	We will be using our Space topic to influence our artwork next week by looking at the paintings of Peter Thorpe. The children will investigate his art style and create their own space inspired painting.
Homework	<u>Year 5</u> Research space art. What styles of art have been used? Which art pieces did you like most? Why? What techniques/ materials did the artists use to create their piece? If you have the time and resources, you could try to recreate your favourite piece of space art. <u>Year 6</u> It was great to see that nearly everyone had a go at the first SATs buster test. Please complete the second test from each booklet.
Spellings	Profession Explanation Optician Pronunciation Physician Competition Explosion Pollution Possession Sensation Recession
Reading	Read a non-fiction book (Do you have any on space?!) and try to memorise 3 interesting facts you have learnt.
Number fluency & Arithmetic	Guess the weight of some objects at home and then weigh them using scales to see how close your estimates were.
Dates for the diary.	29 th January – NSPCC assembly. 10 th February- Space Dome. Letters going out soon.
