15th December 2020

Dear Families

We wanted to get in touch with you about our Christmas plans this year as we know Christmas will be very different this year, both in school and in the wider community.

Our main role as a PTA is to raise funds for the school. We are proud of the money that we as a committee, with your help, have raised over the years. We have just donated £3,000 towards books for the school and our next project is the outdoor play equipment.

We are, however, very conscious that this year has been a difficult time for many and therefore have decided to put money raising on the back burner for all Christmas activities and focus fully on trying to make Christmas as magical as possible. We obviously haven't hosted our usual Christmas fair but this week we have some special plans.

We have approached Santa and he has agreed to respond to all the class letters he has been sent with a live video call from the North Pole to each class and on Thursday he will be bringing his sleigh along to school to say hello to the children. Each child will also receive a little gift from Santa and we hope this will help to allay some of the children's fears that Covid means Santa can't travel... our thanks go to Ivybridge Rotary Club for their support with this.

On behalf of all the WPFA members we wish all families a very merry Christmas and hope that the New Year brings happiness and health to all.

Many thanks

The WPFA Team
